EDUCATION

University of Western Ontario **London, ON**
Bachelor's degree of Engineering Science – Mechatronics Systems Engineering Expected 2029

- **Honours:** Western Scholarship of Distinction ($2,500 in first year plus $1,000 for study abroad)
- **GPA:** 3.7/4 (83% Average)
- **Relevant Coursework:** Calculus III, Engineering Design and Innovation, Mechanics of Materials, Thermodynamics, Business for Engineers, Programming Fundamentals, Electrical Instrument.

SKILLS

- **Languages:** Fluent in English and French
- **Technical:** CAD (Onshape, Tinkercad, SolidWorks), Java, C, Arduino, Servo, PCB Design
- **Certifications:** WHMIS; Certified SOLIDWORKS Associate (CSWA)
- **IBM AI Developer Professional Certificate** (Coursera) | *In Progress, Expected January 2027*
  Completed 5 of 10 courses: Software Engineering, AI Fundamentals, Generative AI, Prompt Engineering, HTML/CSS/JavaScript

ENGINEERING EXPERIENCE / ACHIEVEMENTS

Western Engineering Competition Junior Design 2025 – 2nd Place **London, ON**

- Designed and tested a buoyancy device in a four-person team, optimizing performance under strict time and resource constraints.
- Achieved **2nd place out of 85 teams**, highlighting analytical thinking and effective teamwork in a competitive environment.
- Delivered a structured technical presentation to industry professionals, clearly communicating design rationale and results.

WORK & LEADERSHIP EXPERIENCE

Marché Leo's **Toronto, ON**
Barista/Baker May 2026 – August 2026

- Delivered fast, friendly service to a high volume of customers, keeping wait times short during peak rushes
- Prepared espresso drinks and baked goods to consistent quality standards while managing multiple orders at once
- Stayed proactive during slower periods by restocking, cleaning, and prepping, keeping the café running smoothly

Revive Shine Cleaning Service **Toronto, ON**
Part-Time Sales Associate and Cleaner April 2024 – August 2025

- Performed door-to-door sales learning valuable sales lessons and communication skills
- Washing windows and upholding a high standard of service

Markland Wood Golf Club **Toronto, ON**
Food Runner/Server April 2024 – April 2025

- Collaborated effectively with staff in a high-pressure, time-sensitive restaurant environment; 8 hours of commitment per week

- Developed strong interpersonal and communication skills in a demanding professional setting

Kumon Math and Reading Center **Toronto, ON**
Grader September 2023 – June 2024
- Helped children up to 15 years old to do mathematics and reading/writing problems; approximately 8 hours of commitment per week
- Motivated children to work and enhance their problem-solving abilities
- Graded their work efficiently and accurately to ensure they could keep progressing quickly.

George Bell Hockey Association **Toronto, ON**
Hockey Skills Coach September 2022 – September 2023
- Taught children ages 3-8 how to skate and persevere when they fall; 4-8 hours of commitment per week
- Led games and activities for groups of 10-12 skaters to learn in a collaborative and competitive way
- Ran drills to improve skills, teamwork and strategy

ACADEMIC PROJECTS

Design-Stained Glass Project **London, ON**
- Designed and delivered a prototype in a five-person team meeting technical and time constraints
- Created 3D models in **Tinkercad** and **Onshape**, integrated sustainability considerations

Winter 3D-printing Pellets Project **London, ON**
- Designing a more efficient pelletizing process to improve material recovery
- Collaborating with an industry specialist in a six-person interdisciplinary team

PERSONAL PROJECTS

Automatic Energy-Saving Light Switch **London, ON**
- Designed a motion-activated cover that uses a servo to switch off a standard toggle switch after an inactivity timer, with an LCD showing estimated energy saved
- Programmed and simulated the control system in Tinkercad using an Arduino, PIR sensor, servo and LCD
- Modelled the servo arm, enclosure and lid in SolidWorks and prepared them for 3D printing

OTHER ACTIVITIES & INTERESTS

Extra-Curriculars: Mentee of Western Marketing Association, Finance Director of Western Ski and Snowboard Club, LUG Hockey, Volunteer Kids Hockey Coach at CHA.
Interests: Competitive Hockey for 15 years, AAA Rep Baseball for 8 years, Volunteered with Central Hockey Academy, traveled to over 20 countries, other hobbies like Golf, Cooking, Weight training.
